Power Up! Test Practice

35. At baseball practice, Nael caught 16 out of 20 hits to the outfield. Select all the ways of expressing 16 out of 20.

- ☐ $\frac{3}{5}$
- ☐ 0.8
- ☐ 80%
- ☐ 0.08

36. The Mumtaz family wants to purchase a television that costs AED 449. The store that sells the television has multiple locations in different cities. The sales tax for each city is shown. Complete the table below by arranging the cities from least to greatest sales tax rate. Write each sales tax as a percent.

City	Tax Rate
A	$7\frac{3}{4}\%$
B	$\frac{13}{200}$
C	0.0675

	City	Sales Tax Rate (%)
Least		
Greatest
