As long as you love me by Backstreet Boys

Listen to the song and complete the spaces with wh-words.

Although loneliness has always been a friend of mine
I'm leaving my life in your hands
People say I'm crazy and that I am blind
Risking it all in a glance
And _____ you got me blind is still a mystery
I can't get you out of my head
Don't care _____ is written in your history
As long as you're here with me

I don't care who you are
_____ you're from
What you did
As long as you love me
Who you are
Where you're from
Don't care _____ you did
As long as you love me

Every little thing that you have said and done
Feels like it's deep within me
Doesn't really matter if you're on the run
It seems like we're meant to be

I don't care _____ you are (who you are)
Where you're from (where you're from)
What you did
As long as you love me (I don't know)
_____ you are (who you are)
Where you're from (where you're from)
Don't care what you did
As long as you love me (yeah)
As long as you love me
As long as you love me

I've tried to hide it so that no one knows
But I guess it shows
_____ you look into my eyes
What you did and _____ you're coming from
I don't care, as long as you love me, baby
