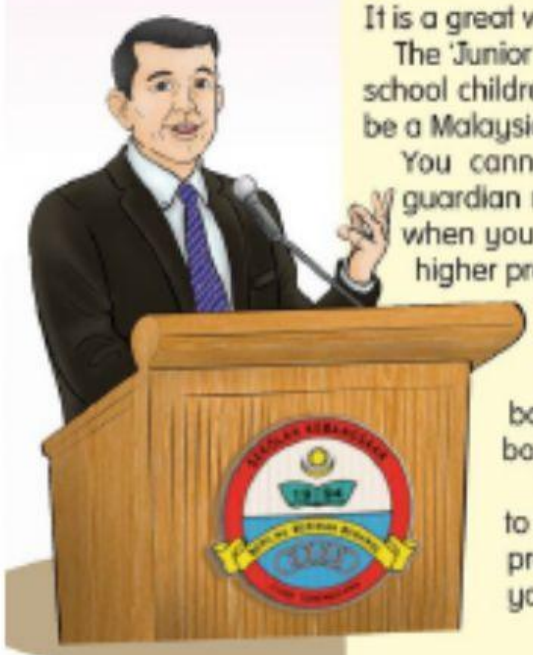
Reading

Let's read.

A bank officer is giving a talk to pupils of Sekolah Kebangsaan Tunas Cipta about children's savings account.



Good morning pupils. I'm Encik Ramzi, from VC bank. Today, I would like to talk to you about our 'Junior Savings Account'. It is a great way to develop the habit of saving money.

The 'Junior Savings Account' is a savings account for primary school children between seven to twelve years old. You must be a Malaysian to open an account.

You cannot open an account yourself. Your parent or guardian must do it for you. You can enjoy earning profits when you save using this account. The more you save, the higher profits you earn.

The good news is you can open an account with only RM1.00. You will also get a recognition card with birthday gifts, discounts at selected book and food outlets, and your very own money box.

I hope you will not miss this golden opportunity to save with us. For those who are interested, please proceed to our booth at the end of the hall. Thank you.

Identify True and False statement.
