Grade 7 – Review Unit 3

I. Read and answer the questions.

Collecting eggcups

People collect a large variety of objects: stamps, postcards, dolls. Some people collect objects which are connected with historic events or with famous people. But one of the strangest collections is that of eggcups. Kevin Murphy of Bradford in Yorkshire has 10,000 of **them**. Not surprisingly, his favourite eggcup is one in the shape of a typical Yorkshireman. Kevin's hobby began seven years ago, after he lent an elephant eggcup to a granddaughter who took such a liking to it that she insisted on keeping it. Kevin saw a few eggcups he liked at a sale at a local shop, and started collecting them.

Others like Kevin's eggcups too. 'I have just bought a replacement for one of my favourites, which mysteriously disappeared last week,' he said.

Fat Problems

It's not a good idea to get fat. Being too fat can cause many problems for your body. Your heart suffers the most if you are fat. Fat on your body makes your heart work much harder. This can cause a heart attack. Another problem is that too much fat can increase the amount of sugar in your blood. This can lead to a serious illness called diabetes. Diabetes can cause people to go blind or even die. Doctors are continuing to study these health problems and the effects of being too fat. There is still much they have to learn. However, all of them would agree that being too fat is not good for your health!
