Amazing Animals

Read the text

Animals do amazing things and have different habits. For example dogs and cats live with people in houses; bats live in caves and monkeys in tall trees.

Hippos live in mud, penguins and polar bears in snow and ice. Kangaroos can jump on the plains where zebras and ostriches can walk and run a lot.

Crocodiles live in lakes and rivers, dolphins and whales can swin in the ocean.

Animals are our friends and we have to take care of them.
