PART 6

Read the text below and mark the statements T (true), F (false), or DS (doesn't say).

***1 Canada Square*: the tallest building in London**

1 Canada Square is the tallest building in London and the seventh tallest building in the European Union. It is a modern steel and glass building that was built by a Canadian company. 1 Canada Square is 771 feet high and has 50 stories, though there is no 13th floor because people think that this number brings bad luck! It is an office building and about 9,000 people work there. It has almost 4,000 windows! You can even see this building from Amersham, which is a town about 28 miles away. 1 Canada Square has a flashing red light at the top of the building for airplanes to see. The elevators take 40 seconds to get from the first floor to the 50th floor. Below the building there are two basement levels and nearby, there are two large shopping malls and two subway stations. If you are afraid of taking the elevator or just feel like exercising, you can take the stairs. There are 4,388 steps from the bottom to the top! Good luck!

0 1 Canada Square is one of the tallest buildings in the world.

1 1 Canada Square is a modern type of building. .....

2 A Japanese company has offices in the building. .....

3 The building has a flashing red light at the top of the building. .....

4 There are three basement levels below the building. .....

5 There is a big Central Park near the building. .....
