Listen to the song and fill in the blanks...

Waiting to time, will I be better or fall?
Play a lovely melody or nothing at (1) .....
(2) ..... my pride when there's else nothing to hide
Let me just waking up together with you

Thinking of fantasy when there's no more privacy
Faking a smile, there's no (3) .....to cry
It's breaking my mind to see the (4) .....is a lie
(5) ..... just waking up together with you

There's no logic in life
But, darling, love is (6) .....

Tell me the (7)..... then I'll try to (8).....
Power and politics (9)..... time to (10) .....
It's breaking my mind to see the (11)..... is a lie
Let me just waking up together with you

There's no (12)..... in life
But, darling, love is understanable
I'm not just a (13) ....., it is just my agony
The (14)..... in my hand, I have to (15)..... it all
It's (16).....my eyes to see what's (18).....
Let me just waking up together with you
