Questions for Teacher Trainees:

1. How can Mr. Williams balance the use of technology with play-based, hands-on activities that are crucial for young children's development?

2. What strategies could Mr. Williams use to introduce digital literacy in developmentally appropriate ways to 2nd graders?

3. How can Mr. Williams ensure that the use of educational games and apps enhances learning, rather than becoming a distraction?

4. What role should parents play in managing and supporting their children's use of technology at school and at home?

5. How should Mr. Williams address concerns from parents who are hesitant about the increased use of technology in their children's education?
