# INDIRECT QUESTIONS

***Indirect Questions*** *are more formal and more polite than direct questions. They come after introductory phrases combined with interrogative pronouns and adjectives (who, whom, what, which, whose), adverbs (when, where, how, why) or if, whether. They have the same word order as statements, and we do not use the verb 'do' to form a question.*

***Take a look at the direct questions in the left column of chart. Then, write their corresponding indirect questions on the right.***
