## Reinforcement reading comprehension task: Our environment

**Read the text:**

Hi everyone! Let's talk about our planet. It's our home, and we need to take care of it. We can do many things to help.

Every day, we use a lot of things: **paper**, **plastic**, **metal**, and **glass**. When we throw them away, they become **rubbish**. But we don't have to throw everything away! We can **recycle** many things, like **plastic bottles** and **paper**. We can also **reuse glass jars** to store food.

It's important to **reduce** the amount of **waste** we create. We can do this by **swapping clothes** with friends, instead of buying new ones. We should also try not to **waste food** and **turn off lights** when we leave a room.

Let's all do our part to keep our planet clean. We can **pick up litter** when we see it on the ground and encourage our friends and family to do the same. Remember, every little bit helps!

**Time to practice:**

1. **Complete with the following words:**

**TURN OFF** **RECYCLE** **REUSE** **DROP** **SWAP**

- We should always _____ the lights when we leave a room.
- It's important to _____ plastic bottles.
- We can _____ glass jars to store food.
- We shouldn't _____ litter on the ground.
- We can _____ clothes with our friends.
