The Anglo-Saxons: Friendship

Wiglaf shows the true meaning of comitatus (Anglo-Saxon loyalty/ companionship/friendship) at the end of *Beowulf*. When everyone else has run away in fear of their lives, he stays by his friend's side.

1. What does it mean to be a "true friend?"
2. What does a true friend do and NOT do?
3. Have you ever had a true friend or been a true friend? Explain.

After discussion Notes (for extra credit):

Did you share anything with the class? _____ If yes, what was it? _____

_____ Write something interesting another person said:
