1. Yes sir, no ma'am

___ Hold onto that moment cause you know that you

___ Take a walk down memory lane

___ Looking up now you're on full throttle

___ The little things in life that mean the most

___ Walk through hell and not around

___ Every night hit your knees

___ How you leave a place better than you found it

___ Not where you're from, what ya got or what you don't

___ Make a phone call or two

___ Take her hand slow it down

___ Just know the answers aren't at the bottom of a bottle

___ Have her home right around ten

___ Skippin' rocks an castin' cane

___ Use the words I love you

___ Learn more when you're at the bottom

___ Pray to God she climbs back in again

___ Open arms folded hands

___ Drive her right through your town

___ Holdin' doors saying please

___ When she's walkin' down the aisle

___ Look her in the eye when she says I do

___ Where you should keep your mind

___ All dressed in white

___ It's the little things in life that make you who you are

___ Ridin' right down an old backroad

___ The things we take for granted like the story behind that scar

___ What's in front and not behind

___ Little things they make you grow

___ It's who you are inside and what you do

___ For everyone else not just you
