Q. 2 Read the passage carefully and write the action words in the text box below.

How to eat a Mango?

People eat mangoes in different ways. Some peel the skin off and chop the fruit into dice. Some slice it into three parts and scoop out the fruit with a spoon. Others cut it in the middle and twist each half so that the fruit comes out in two cups. But many people enjoy the mango only one way. They bite a hole at one end, press the mango with both hands and suck out the delicious juice.
