3 a 1.48 **Read and listen. Why didn't Nadim like his holiday?**

We went on a skiing holiday with the school this year, but I didn't have a good time, because I had an accident. I skied on the first day, but in the afternoon I fell over and hurt my knee. Luckily, I didn't break my leg, but it was very painful. After that I couldn't ski any more. In fact, I didn't go out for the next five days. All my friends went skiing every day, but I just stayed in the hotel. I watched TV, played computer games and read magazines all day. It was very boring. But I want to go skiing again next year.
