choose the best answer!

Dear my brother, Zaid

I have heard from our mom that you have successfully earned the Fulbright scholarship to take your PhD. I am extremely joyful. I always excited hearing your effort in learning. I still remembered 10 years ago that we were writing a research together and presenting it in an International English Forum. We were pleased at that time because we got a best presenter title. And it was because of you.

Congratulation Bro, You are awe-inspiring!
