We can just dance to this

We can just dance to this
_____ _____ on my body, yeah
You know we've already seen all of the parties

Dear beloved

And dear, my lover
_____ that thing we never do sober, sober

I don't wanna sleep tonight-night-night-night-night

I just wanna take that ride

We can just dance to this
_____ _____ much to start me
We can just dance to this
_____ _____ on my body, yeah
You know we've already seen all of the parties

_____ _____ much to start me
We can just dance to this
_____ _____ on my body, yeah

Dance to this, dance to this
We can just dance to this

I don't wanna sleep tonight-night-night-night-night
