IV. Read the passage and choose the best answer

Our planet needs us more than ever. Climate change, pollution, and resource depletion are pressing issues that affect everyone. By joining the Green Movement, you can play a vital role in creating a cleaner, greener, and more sustainable world.

How Can You Help?

Reduce Waste: Try to cut down on unnecessary waste. Every item you recycle helps lower the volume of garbage that ends up in landfills. By using reusable bags, bottles, and containers, we can eliminate single-use plastics and bring about a cleaner planet.

Choose Sustainable Products: A lot of products on the market are eco-friendly. Therefore , opting for items made from recycled materials or **those** that don't harm the environment adds up in the long run. Additionally, choose quality over quantity, and avoid wasteful products.

Spread the Word: Raising awareness is essential. Get involved with local organizations or use social media to reach out to others. Even sharing a post or bringing up environmental issues in conversations can inspire a lot of people to act!

1. What is the primary purpose of the text provided above?

A. To argue that climate change is the only serious issue affecting the planet today.

B. To advertise specific local environmental organizations that students can join immediately.

C. To detail the steps required for companies to transition to sustainable manufacturing practices.
