[Verse 1]
Chiquitita, tell me what wrong
You enchained by your own sorrow
In your eyes, there no hope for tomorrow
How I hate to see you like
There no way you can deny it
I can see that you oh, so sad, so quiet
[Verse 2]
Chiquitita, tell me the truth
I a shoulder you can cry on
Your best friend, I the one you must rely on
You were always sure of yourself
Now, I see you've broken a feather
(How it hurts to see you cry)
(And how it hurts to see you sad)
I hope we can patch it up together
[Chorus]
Chiquitita, you and I know
How the heartaches come and they go
And the scars they leaving
You'll be dancing once again
And the pain will end
You will have no time for grieving
Chiquitita, you and I cry
But the sun still in the sky
And shining above you
(Even though you cry)
(The sun is shining in the sky)
Let me hear you sing once more
(So let me hear you sing some more)
Like you did before
(The way you used to do before)
Sing a new song, Chiquitita
Try once more, like you did before
Sing a new song, Chiquitita
[Verse 3]
So the walls came tumbling down
And your love's a blown-out candle
All gone, and it seems too hard to handle
Chiquitita, tell me the truth
There no way you can deny it
I see that you oh, so sad, so quiet
