DIRECTIONS: Each of the following sentence contains a grammatical error. On the line provided, describe the type of grammatical error that the sentence contains and what you would need to do to correct the sentence

Example: He will study neither his lessons nor do his chores.

Description of error: The part that follows "neither" is a noun ("his lessons"), and the part that follows "nor" is a verb phrase ("do his chores"). You want to those parts to match.

Sentence correction: You can fix it by moving the "neither" so it comes before the word "study." Then both parts are verb phrases: neither study his lessons, nor do his chores.
