WHERE ARE THE CONJUNCTIONS?

Read the passage and circle the conjunctions.

I wake up early and brush my teeth. I usually have a sandwich or fruit for breakfast. Next, I get dressed and pack my school bag. Sometimes, I forget my homework, but my mom helps me remember. I walk to the bus stop with my friends so we can ride to school together. At school, I learn new things, play games, and have fun with my classmates. I do my homework, or sometimes I play outside after school. Finally, I have dinner with my family and then it's time for bed. I read a book with my mom or dad before going to sleep.
