Going To London For The First Time

Hi Sara,

Sorry for not writing earlier but when I got back from London, I had lots of work to catch up on.

In any case, London was amazing! While there, I got to see most of the famous **(1) capitals / landmarks** I had heard so much about. I visited the Place of Westminster, the London Eye and the **(2) Castle/ Tower** of London. I also saw Buckingham Palace from **(3) up close / closely** and manages to be there on time for the Changing of the **(4) Guard / Police (5) ceremony/ party**.

The place I liked the most was the History Museum, which is **(6) housed/ kept** in beautiful Victorian building. You can see all kinds of dinosaurs there! I was really looking **(7) forward / up** to visiting Madame Tussauds, too, but the **(8) bookings / queues** were too long! I found out later that you can get in faster if you book online, and you also get 25 % **(9) discount/sale**.

Anyway, I'll be visiting London again really soon. So I'll do the rest of the **(10) views / sights** then. Maybe we'll even go together next time. What do you say?

Love,

Anna
