Let's Practice

Read and drag answers to the questions.

a

Most houses are made of bricks, stone or wood, but Edouard Arsenault used 12,000 glass bottles to build this house.

c

Card and paper come from trees. Card is stronger than paper. This tower is made of thin card and the bridge is made of paper.

d

Gold and silver are precious metals. This car is made of 80 kilograms of gold and 15 kilograms of silver. You have to drive it very carefully!

b

Most animals have fur, but sheep have wool. We use wool to make clothes. This dress is made of wool. It's got animal teeth and bones on it to make it beautiful.

e

Lots of things are made of plastic. Today we use plastic more than any other material in the world. We must recycle plastic. 'Recycle' means use it again in a different form. This chair is made of recycled plastic.

f

1 Where do we make manmade materials?

2 How much gold is in the car?

3 How many glass bottles did Arsenault use to build his house?

4 Where does paper come from?

5 What has the dress got on it?

6 What does 'recycle' mean?

- Use again in a different form
- 12,000
- In factories
- 80 kilograms
- Animal teeth and bones
- Trees
