The Stormy Day Adventure

Dark clouds fill the sky early on Saturday morning. The wind wooshed through the trees, and the rain began to pour heavily. Most children stayed indoors, but three best friends – Liam, Mia and Brad were excited about the stormy weather.

"Let's go on an adventure after the rain slows down!" said Liam with a grin.

Soom, the rain became lighter. The friends put on their raincoats and boots and stepped outside. Puddles covered the ground like tiny lakes. Mia jumped into the biggest puddle and SPLASH! Water flew everywhere, making everyone laugh.

As they walked down the street, they saw a small brown puppy shivering under a bencj. The poor puppy was wet and scared.

"We have to help him" Brad said kindly.

The children carefully carried the puppy to Mia's porch. They dried him with towels and gave him a bowl of warm milk. The puppy wagged its tail happily.

Just then, a loud crack of thunder boomed across the sky. BOOM! The friends jumped in surprise, but then giggled at their frightened faces.

After the storm finally ended, a beautiful rainbow stretched across the sky. The three friends stood quietly, admiring the bright colours. "This turned out to be the best stormy day ever", Mia said with a smile. The puppy barked happily as if he agreed.
