A Famous Chef

EXAMPLE	E

James Trevor "Jamie" Oliver, born 27 May 1975, is a British celebrity, chef, restaurateur, media personality, known for his food-focused television shows, cookbooks and his global campaign for better food education. He has attracted all generations of food lovers with his ultra-tasty receipts shown on television.

1	

Restaurants and cooking are in his blood because his parents own and operate a successful pub and restaurant in Cambridge, where he grew up. At the age of eight he started cooking and helping the chefs prepare lunch for the pub's customers.

2	

After uninteresting school years, he decided he wanted to cook and went on to study at Westminster catering college, where he completed his formal training. After college, he travelled to France to find out more about cooking and famous French cuisine. He also wanted to find his own style.

3	

Then, one day a producer saw him while he was working in the River Café and his life changed. He appeared in a documentary on the café, and later he was contacted by the top production companies in England and the first series of films on his cooking were made. Soon he was well-known by the public because he often featured in magazine articles.

4	

To accompany the television series, Jamie's first book came out, and it was number one on the best-seller list for more than ten weeks. Then at the age of twenty-six, he became food editor for a magazine.

5	

Jamie is even more popular with the British government. On one occasion he was invited to 10 Downing Street to prepare a lunch for the British Prime Minister, who was entertaining the Italian Prime Minister.

6	

Jamie's passions are pasta and making bread. He also plays the drums with old school friends in a band. He lives in London, where he travels around by motorbike. In July 2000, Oliver married Juliette Norton. The couple met in 1993 and have four children.
