

A Tree in Different Seasons

The tree gets leaves and buds.

In the spring, it rains. Rain helps the tree to grow buds and green leaves. Birds make nests in trees for their chicks.

It's hot. The tree has lots of leaves.

In the summer, it's hot. The tree has lots of green leaves. The buds become flowers and fruit.

There's fruit, and there are leaves on the ground.

In the fall, the leaves are red, orange, and yellow. The fruit is ready to eat. The leaves fall to the ground.

It's cold and it snows. There are no leaves on the tree.

In the winter, the tree doesn't have leaves. There's snow on the ground.

Write the seasons. Number them in order.

1 _____

2 _____

3 spring

4 _____

Complete the sentences with the words below.
