3. READ AND CIRCLE. (LE 3.11.1)

City and village life

Maria lives in Madrid, the capital city of Spain. Every weekend she goes to the mountains and stays with her grandmother in a little village. She loves going to the mountains because it's much quieter than the city.
The streets are cleaner too.
Her grandmother's house is bigger than the flat that Maria lives in so she keeps her bicycle in the village.
In summer Maria stays in the village for a week because her parents work. It is very sunny during the day but colder at night.

1. Madrid is **bigger** / **smaller** than the village.
2. The streets in the village are **cleaner** / **dirtier** than the city streets.
3. The village is **quieter** / **noisier** than the city.
4. Maria's flat is **bigger** / **smaller** than her grandmother's house.
5. In summer, the village is **hotter** / **colder** at night.

LIVEWORKSHEETS

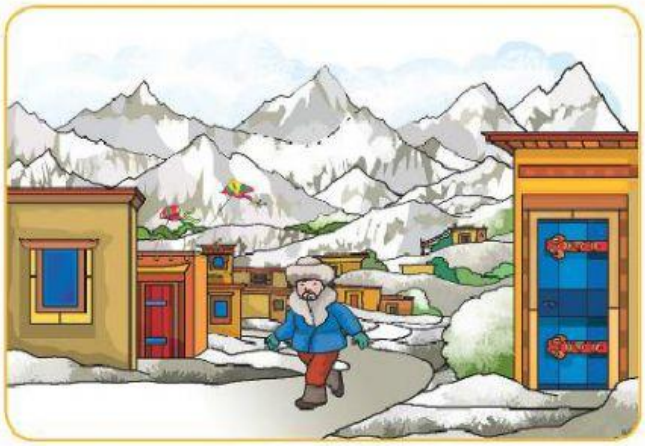
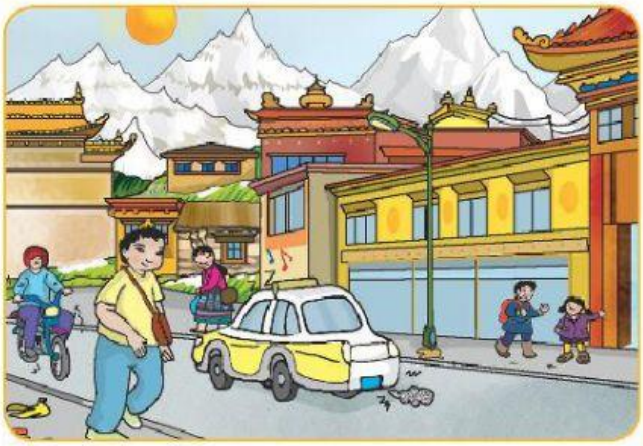
7.READ and ORDER. (LE 3.11.1)

	The rain and snow fall on the land. The water goes into the rivers or lakes.
	The water vapour rises and makes clouds in the sky.
	The clouds get heavy and it rains. When it's cold, it snows.
	When it's hot and sunny, the water in oceans, seas, rivers and lakes evaporates.
	Rivers take the water to oceans and seas. Then, the water cycle starts again.

8. LOOK AND WRITE 5 SENTENCES USING THE COMPARATIVES. (LE 3.16.1)





DIRTY	NOISY	SUNNY	COLD	BIG
