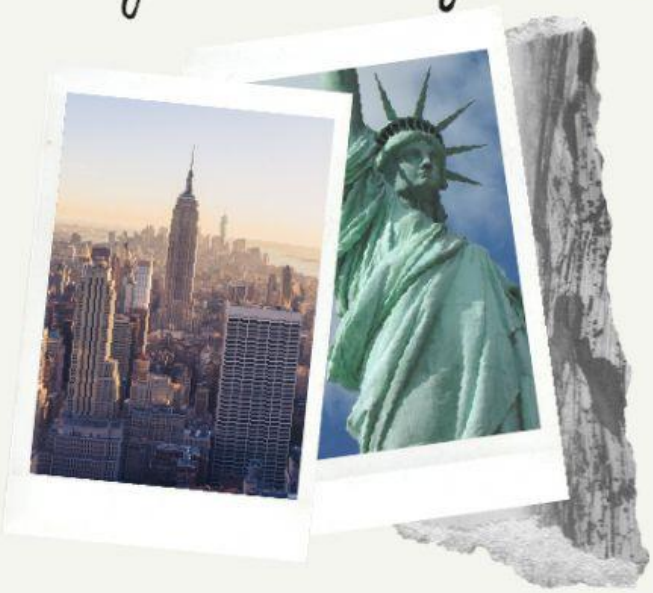
Packing ... destiny ...



NEW YORK CITY WEATHER IN AUGUST

IT IS QUITE HOT AND HUMID (AROUND 26-35 CELSIUS DEGREES). TRY TO PACK LIGHT, BREATHABLE CLOTHING AND COMFORTABLE SHOES. BUT, DON'T FORGET TO BRING CLOTHES FOR KEEPING WARM IN THE AIR-CONDITIONED MUSEUMS AND SHOPS— OR AFTER SUNSET OR RAIN.

I'm going to visit New York City this summer with a group of classmates and I need to prepare my luggage. What things should I pack? Can you help me? Drag and drop the right clothes to my suitcase.
