VOCABULARY (Items 1-5) [5 marks]

3- For each item, shade in the bubble ⬭ next to the correct option.

A (1) ..... can be flown in the sky or driven on roads. It has the basic features of an airplane such as an airscrew but has tyres the same as a car. It is light enough to fly in the air yet strong enough to move on the road. The driver will have to enter the destination's phone number or (2) ..... and then the vehicle will do everything. This vehicle needs less (3) ..... space than a plane and is more convenient than a car. It will be able to avoid (4) ..... jams due to its advanced technology. In addition, this means of transportation will use less (5) ..... .
