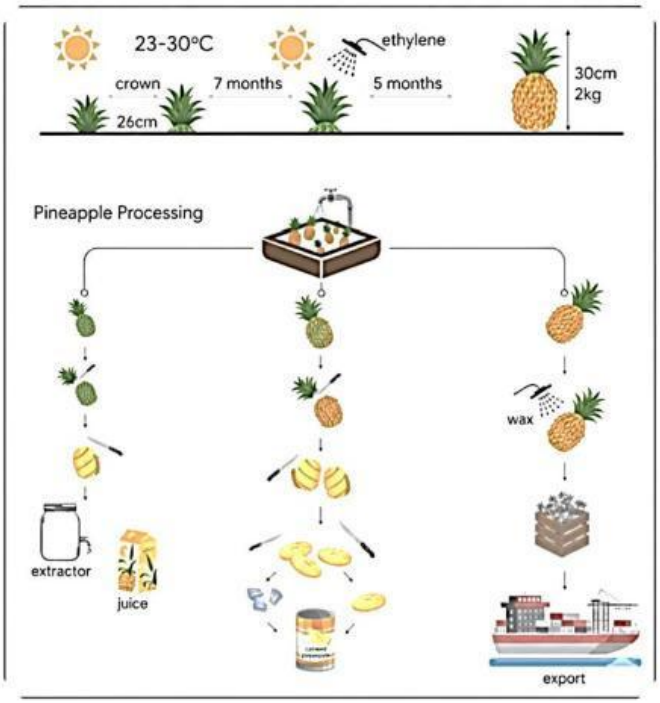
IELTS Writing Task 1 – Process Description Practice



cultivating • harvested • extraction • promote • undergoes • coated • preserve • transportation • production • exported

Complete the passage below.

- Some blanks require **ONE WORD ONLY**.
- Some blanks require **ONE word from the Vocabulary Bank**.

The diagram illustrates the process _____ (1) growing pineapples and producing three different pineapple products.

Overall, the process consists _____ (2) two main stages: _____ (growing) (3) pineapples and processing the _____ (picked) (4) fruit. It begins _____ (5) planting pineapple crowns and ends with the _____ (making) (6) of juice, canned pineapple, and fresh fruit for export.

Initially, pineapple crowns are planted 26 cm apart _____ (7) temperatures of 23–30°C and grown for seven months. Ethylene is then applied to _____ (help) (8) further growth, following _____ (9) the plants continue developing for another five months until they reach approximately 30 cm in height and 2 kg in weight.

Having been harvested, the pineapples are washed before being sorted _____ (10) three production lines.

In the first line, the crown and skin are removed before the fruit _____ (goes through) (11) _____ (juice removal) (12), resulting _____ (13) pineapple juice.

Meanwhile, the second line involves cutting the fruit _____ (14) halves and slices before it is canned, thereby producing canned pineapple.

In the final line, whole pineapples are _____ (covered) (15) _____ (16) wax, which helps _____ (keep) (17) their freshness during _____ (moving from one place to another) (18). They are then packed _____ (19) crates and _____ (sent overseas) (20), ensuring that they remain in good condition.
