My Family and My Future

My name is Carlos. I am 25 years old. I work as a web developer. I design websites for a technology company. I have worked there for three years. I like my job because it is creative and interesting. I live with my family in Santa Cruz. My mother is a nurse. She works at the city hospital. She is very kind and patient. My father is an engineer. He builds roads and bridges. He is very hard-working. I have one sister. She is a student. She is studying to be a doctor. She is very intelligent and friendly.

When I was a child, I used to want to be a teacher. I loved helping my classmates with their homework. But now I want to be a web developer. I love technology and design. If I continue studying, I will become a better professional.

I have a close relationship with my family. We always support each other. On weekends, we usually have dinner together. We talk about our week and share our problems. I am very grateful for my family. I would like to travel with them to the beach next summer. If I have enough money, I will take them to a beautiful beach. I think family is the most important thing in life.
