Read the following passage and answer the questions below.

Alien Encounters!

With a loud h-u-m-m-m, the spaceship landed in the park. It was very late and no one was around. The two aliens in the spaceship waddled out and were looking for someone to talk. They wanted to know more about earth and its people. They came to red metal pillar box, "Hello Earthling" said one alien. "I am from the planet Zorb; please take me to your leader." But the pillar stood silent. "Don't worry", said the second alien. "It must be just a shy child! We will find someone grownups to talk to" .They waddled up the road and came to a petrol station. They saw a row of petrol pumps in front of the building. "Look!" said the first alien. "Grown ups! May be they will tell us more about this planet". So they waddled over to the pumps. "Hello Earthlings", said the first alien. "I am from the planet Zorb", but the petrol pumps stood there, silent. The second alien said, "I am sad that the earth people would not talk to us". "Hmmmph!" said the first alien. "What else can you expect from people who stand around with fingers in their ears?!"
