If you go on vacation by car, did you know that it can be a dangerous way to travel? People usually have accidents because they are very tired after driving for hours. This was what happened to San Diego TV news reporter Michel Grendo. He told us about his experience. When his late-night TV news show ended at midnight, he took his car and drove to Miami Beach for a long weekend. Unfortunately, he never arrived. His car had a small accident and he hit a tree.
