Story B – The Science Fair

Lucas was nervous before the science fair. His teacher told him not to give up, even if his experiment didn't work perfectly. During the presentation, one judge asked a difficult question, but Lucas managed to figure out the answer. In the end, everything turned out better than he expected.

Complete this table.

Phrasal Verb	What do you think it means?	What words helped you guess?

Answer these questions.:

- What happened before?
- What happened after?
- Is the result positive or negative?
- Which sentence gives the biggest clue?
