Read this email from your friend Amy and the notes you have made.

From: Amy
Subject: Eating habits in your country

Hi (your name),

glad to help! → My Geography teacher has asked me to prepare a presentation on what people eat abroad so I hope you can help me to find out about food in your country.

Can you tell me something interesting about what people eat where you live? ← name a couple of dishes

offer to send pictures → I think it would be great if I could add some photos of these foods, too. Do you have any interesting pictures you have taken yourself?

Finally, I'd like to cook something easy to bring to class. The recipes are easy to find but I don't know which one to choose... ← suggest your favourite local food

That's all, for now. Write soon!
Amy
