Miko's Neighborhood Walk

Miko lives in a small neighborhood with many helpful places nearby. The post office is only one block away and he walks straight to get there. If Miko wants to buy snacks, he turns right at the corner and finds a small shop beside the big mango tree. The playground is across from the shop, so he can play there after buying snacks. To reach the health clinic, he goes straight past the playground and turn left at the traffic sign. His school is far from his house, so he rides his bike and follows the main road until he sees the tall white gate. He likes knowing these directions because they help him travel safely.
