Simple past

Read the text, identify the mistakes and click on it, then write below the right verb in simple past.

My first trip abroad

This is a short description of my first trip ever. I gone to El Salvador which is a small country in Central America. I arrives in the airport and then the tour guide took me to the beach. Once we unpack our stuff, I swim in the sea. I love those big waves, it is a perfect place to surf at anytime. I was starving, I eated some delicious pupusas, besides, they give me tomato sauce, and chopped cabbage. It was placed in a jar with vinegar. The cabbage remained there until it turned crunchy and yellow. In addition, I drinked horchata which is a natural juice. It is made with rice, morro, milk and other seeds. It was a perfect drink for the hot weather. We surfed and enjoyed the sunset. We have a welcome party just for us. I really enjoyes this trip. Honestly, I wanted to stay longer; however, I has to go back to work. Hopefully, I will be there again soon.
