PLANET SUPERLATIVES

Keep practising, space explorer!

4 Make the complete sentence

Use the planet and the adjective.

a) Mercury — small: _____

b) Jupiter — big: _____

c) Saturn — interesting: _____

d) Neptune — far: _____

5 Put the sentences in the negative

Example: Mercury is the biggest planet. → Mercury isn't the biggest planet.

a) Jupiter is the smallest planet.

_____

_____

b) Venus is the coldest planet.

_____

_____

c) Saturn is the biggest planet.

_____

_____

Remember: use isn't + the superlative!
