Test: The History & Impact of the Telephone

Part A: Multiple Choice (Choose the best option A, B, or C)

1. According to the speakers, what did Johann Reis do?

A) He formed the very first telephone company.

B) He was the first to actually create a working telephone in 1861.

C) He spoke the first words over the telephone to Mr. Watson.

2. What role did Alexander Graham Bell play in the history of the telephone?

A) He was credited with the invention and formed the first-ever telephone company.

B) He built the first mobile phone that weighed 40 kilograms.

C) He invented the horseshoe-shaped magnet in 1861.

3. Why is the telephone considered one of the most important inventions ever in the conversation?

A) Because it made newspapers obsolete within 20 years.

LIVEWORKSHEETS

B) Because it is something people feel they cannot live without and it changed how people communicate.

C) Because the first model was small enough to fit in a pocket.

4. What is one of the main differences between the first mobile phones and today's smartphones mentioned in the video?

A) Early mobile phones were huge and heavy, whereas today's phones fit in the palm of your hand and are very lightweight.

B) Early mobile phones had unlimited battery life, whereas today's smartphones need 10 hours of charging.

C) Today's smartphones are only used by telephone operators.

5. Why was the first mobile phone discussed in the video not very practical?

A) It could only be used underwater.

B) It weighed around 40 kg, looked like a suitcase, had about 30 minutes of talk time, required a 10-hour recharge, and cost around $4,000.

C) It required a trumpet-shaped receiver to dial numbers.

Part B: True or False

6. Early telephone services worked by assigning a phone number to each person so they could dial directly without help. True / False

7. When telephones first came out, people were worried about how the new invention would affect their privacy. True / False

8. The very first words spoken over the telephone in the video were "Hello, Mr. Watson, how are you?" True / False

9. One of the speakers says that if they could have been present when the telephone was invented, they would have said something casual like "Booyah" or "What's up" to test it. True / False
