This is a photo of me with my twin brother, Jake. I am the one on the left. We are very good Friends- I really ***like*** him.

But I _____ all my time with Jake. After school, I _____ football with my Friends Alex and Rashid and he _____ to his friend Ben's house.

At school, we're in different classes and I _____ Jake very much. But we _____ our lunch together in the school playground- that`s really nice.

At home, we've got different rooms.

This is good because Jake_____to bed very early and he's often wawke late. He_____TV on his computer and he_____to really bad music.
