Memorial Day Math

1. I can fit 4 rows of 4 burgers on my grill. How many burgers can I cook at a time?

4	8	16

2. In Arlington National Cemetery, people place flags in front of the tombstones on Memorial Day. If there are 10 rows of 10 tombstones, how many flags do I need?

10 x 10 = _____

or

10 + 10 + 10 + 10 + 10 + 10 + 10 + 10 + 10 + 10 = ____

100	150	20

3. I am making blue and red jello for memorial day. How much will both packs of Jello cost?

$1.50 $ 1.50

$1.00	$2.50	$3.00

4. I am buying Firecracker Ice Pops for Memorial Day. If I am having 50 people over for Memorial day, and each box of Firecrackers has 10 pops, how many boxes do I need to buy?

50 ÷ 10 =

5 boxes	60 boxes	150 boxes
