

Moonlight

Grace Vanderwaal

She always has a smile
From _____ to the night
The perfect poster child
That was once in my life
A doll made out of glass
All her _____ think that she's great
But I can see through it all
And she's about to break
_____ last year when you told me
To always stay here and never leave me
The light from your eyes made it feel like
We were dancing in the _____
Remember last year when you told me
That these will be lifelong stories
The light from your eyes made it feel like
We, we're dancing in the moonlight
You were dancing in the moonlight
And I, I, I was _____ in the moonlight
Now she lost her way
And she forgets to smile
Never gets a break
From this life in denial
A doll made out of glass
All her friends think that she's great
But I can see through it all
And she's about to break, oh!

Remember last year when you told me
To always stay here and never leave me
The light from your eyes made it feel like
We-e-e, we're dancing in the moonlight

Remember last year when you told me
That these will be lifelong stories
The ___ from your eyes made it feel like
We-e-e, we're dancing in the moonlight
You were dancing in the moonlight
And I was dancing in the moonlight
I, I, I, miss those me-mo-ries

We used to share
Just you and me

I remember last year when I ___ you
I would always stay here and never leave
you

I told you the light in your eyes made it look
like

We, we're dancing In the moonlight
Remember last year when you told me
To always stay here and never leave me
The light from your ___ made it feel like
We, we're dancing In the moonlight
The light from your eyes made it feel like
Dancing In the moonlight
