BIG QUESTION 1

How are animals different from one another?

Think about the Big Question. Write.

What do you know?

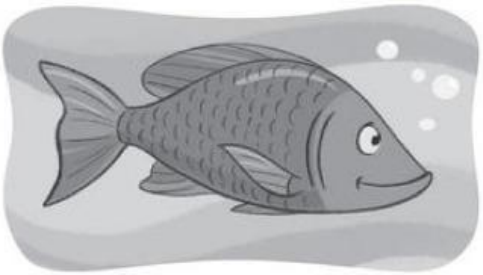
What do you want to know?

UNIT 1 Get Ready

Words

A Circle two words for each picture.

1



(scales)
(gills)
feathers

2

eggs
mammal
wings

3

gills
skin
feathers

4

mammal
scales
fur

5

amphibians
wings
skin

LIVEWORKSHEETS

B Write the correct words.

1 gills

2 _____

3 _____

4 _____

5 _____

6 _____

C Circle the odd one out.

1	feathers	gills	scales
2	gills	fur	amphibian
3	wings	scales	feathers
4	eggs	mammal	fur

D Complete the chart.

wings fur gills feathers ~~scales~~

Fish	Mammal	Bird
1 scales	3 _____	4 _____
2 _____		5 _____

LIVEWORKSHEETS

Read

A **Read the text quickly. Answer the questions.**

Where do lions live? Where do whales live?

_____

Lions and Whales

In some ways lions and whales are the same, and in some ways they're different.

Lions live on land. They have fur on their bodies to keep them warm. They have four legs and can run fast. Whales live in the ocean. They have skin on their bodies. They don't have legs. They have fins to help them swim.

Think

How are lions different from whales?

Lions and whales are both mammals. They have tails and big teeth. They catch and eat other animals. Their babies are born alive, and they drink milk from their mothers.

Think

How are lions the same as whales?

LIVEWORKSHEETS

Comprehension

A **What part of the text do you like? Check (✓).**

The lions ☐ The whales ☐ Their babies ☐

B **Read the text again. What is the same? What is different? Check (✓) the correct column.**
