Family Gatherings

Read the story and do the exercises below.

1. My family and I usually go on trips on the weekends. My father always takes us by car. Sometimes we visit different family parks. We enjoy having barbecues and eating together. From time to time our aunts and uncles join us with my cousins and the family has lots of fun at these family gatherings. My father and uncle help to prepare the grill for the barbecue. We all eat an excellent meal of cooked meat with an assortment of delicious salads. Then, we all pitch in to clean up after our meal. My mother and my aunt usually take a walk in the park. They like to spend time talking to each other and relaxing a bit before the ride home. My father, my uncle and the children normally play games after lunch. Everyone is always content and after our family meetings. Even though it involves a lot of work in organizing the event, everyone is satisfied and says the work is well worth the effort.
