Hi everyone!

I'm Elias Novak and I'm ten years old. I'm from Canada. I live in Montreal with my parents and my two older brothers. My best friend is Noah. Together, we go to school and we really enjoy our Science class because we make experiments there. We want to be in a big laboratory one day. What about you? Do you like experiments? And sports? In my free time I love playing tennis. This is a picture of me in a tennis match. I also like basketball. I play basketball for the school team and we won many trophies! My favourite day of the week is Wednesday because we have Spanish class and I really like talking in Spanish.

Well, that's all about me for now.
