Things to do at the weekend.

London is a fun city. There are a lot of things kids can do. Here are some of them:

1 Go to a museum

How about the Natural History Museum? There are fun activities for kids: you can make dinosaur T-shirts, see a puppet show or be a scientist for a day!

2 Family workshops

Some museums have family workshops. Mums, dads and their kids can draw, paint or make things together. At the Cartoon Museum you can make your own comic!

3 See a show

London is famous for its musicals. There are many shows for all the family. You can sing and dance to the songs too.

4 See the city

You can see London from the top of the London Eye, or from a boat on the Thames. You can run, play football, skateboard or have a picnic in Hyde Park.
