Dear Paula, 3 4

Hello Paula, how are you? It's been a month since l last heard from you. Well l just wanted to tell you that I was in a hospital last week. According to the doctor l was infected by dengue fever. 5

At first, I felt my body became weak then fainted when was studying in the classroom. Then, I was taken to the hospital because of the high fever.

At the hospital, I was brought into the emergency unit. The doctor immediately gave some treatments. Finally, l had to stay there for one week. Everyday the doctor kept me on a drip. At the seventh day, my condition was getting better. After the final check, the doctor gave me permission to go home. Now, I'm okay and because of my illness, I am now more careful about keeping in my house clean especially my room, I don't want to get the same illness again.

OK, think that's all from me, write to me soon ok? I am looking forward to seeing you soon. 7

Dear Nathan

How are you? Hope everything is okay with you. I'm all right here.

We are going to have the national examination, aren't we? Are you well prepared for it? Well, to be honest, I just have some difficulties in preparing for it, especially in Science. There are extra lessons in my school and I take them all. But, I feel that they don't help. I'm still confused in solving Mathematic problems. I'm just worried that I fail the national examination. Do you have any suggestion for me? I really appreciate your help.

I look forward to hearing from you.

Dear Aunt Nia

Aunty, I have some good news for you. Last month I passed my final examination. A week ago I succeeded to join in a senior high school English competition. Last night my parents promised to send me to a famous English course in my town. They also promised me if my scores in English are good, they'll send me to a foreign university.

Great, isn't it? I'll work hard. I want to be a great pediatrician like you, Aunty. Well, that's all for now.

Looking forward to having your news.

Love,

☺☺
