**Complete the gaps below with suitable words derived from the words in brackets:**

Greenpeace has been campaigning against environmental degradation since it was founded in 1971, when a small boat of volunteers and 1._____ (JOURNAL) sailed into Amchitka, an area north of Alaska where the US Government was conducting 2._____(GROUND)nuclear tests.

Greenpeace is taking action all over the world for our planet's future. Our volunteers, activists and staff come from all corners of the globe, cover the age spectrum and come from all walks of life. What they all have in common is their 3._____(COMIT) to working for a green and 4._____ (PEACE) future for everyone. With creative local actions for the planet they positively affect their communities, their countries, and ultimately, the world at large.

A green and peaceful future is our quest. The heroes of our story are all of us who believe The world needs a new story – a story in which humanity overcomes seemingly impossible odds to not only survive, but to thrive. A story in which healthy, abundant oceans and forests heal a world powered by the 5._____(NATURE)forces that have powered life on Earth for billions of years.
