"Make-A Wish® Foundation"

Most people don't get a __(1)__ to make a wish and have it come __(2)__. But the Make-A Wish® Foundation is making it happen every 35 minutes.

The foundation's __(3)__ is to give the very special kids __(4)__ they've always wished for. The Make-A Wish® Foundation is a non-profit organization in the U.S. with __(5)__ and donations, it grants wishes to children who have life-threatening diseases. A child can wish anything and the __(6)__ will do its best to make it happen. This might mean meeting a __(7)__ or in one case becoming a policeman for a day. About 75% of the wishes that children make are for trips. The foundation sends children and their families on dreamed __(8)__ to places like Disney World. The foundation will try to __(9)__ a wish to any child who has a life-threatening disease. To be eligible, a child must get a __(10)__. This means that a family member, doctor or someone who knows about the child medical __(11)__ must tell the foundation about the child. The child must also be in between 2.5 and 18 years old at the time of their referral.
