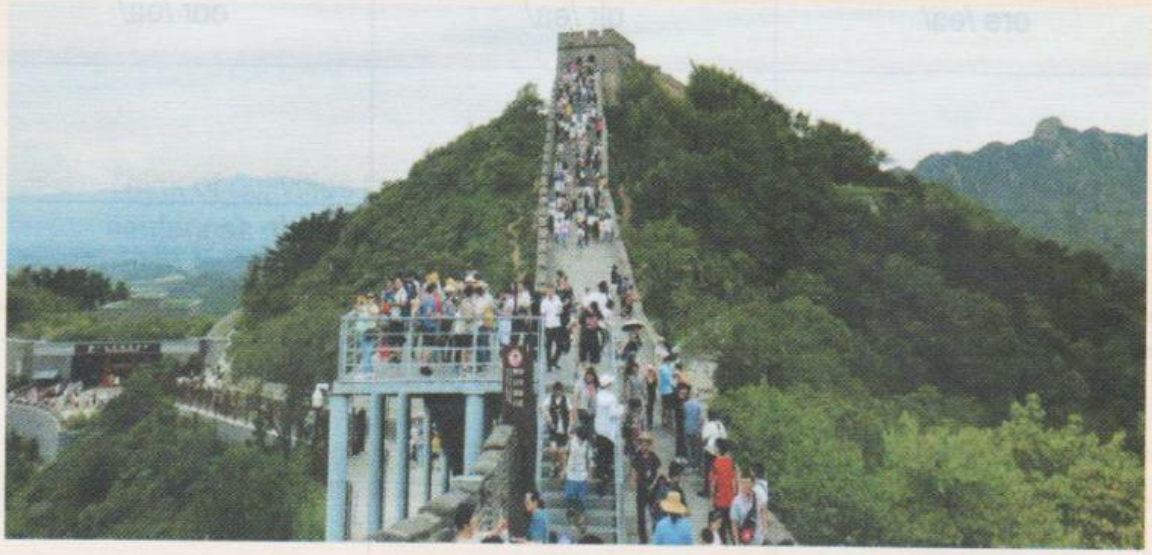
Read the text then complete the sentences below.

The Great Wall of China is situated in the northern part of China. It is the longest structure ever built by humans. It is 8,852 kilometres long. The Great Wall was built as protection against attacks and invasions from the north. It has been called the longest cemetery on Earth because a large number of workers died while building the wall and were buried there.



Value: Appreciate the history of other civilisations

1. This famous monument is situated in the _____.
2. It is the _____ built by humans.
