Subject : What's up!

Hi Charles,

How are you? I'm sitting in my bedroom at the moment and I'm (do / does / doing) my homework. Our Maths teacher always (give / gives / giving) us homework on Mondays and I normally (finish / finishes / finishing) it by Thursday. But there's one good thing – we usually don't (have / has / had) homework at the weekend! Do your teacher often (give / gave / gives) you a lot of homework at the weekend? I'm (work / working / works) on a really difficult question now! My brother usually (helps / help / helping) me. But he is (playing / play / plays) a computer game with his friend at the moment and he is not (answer / answers / answering) any of my questions! What are you (doing / do / does) now? Perhaps you can help me! Are you good at maths?

Answer soon!

Megan
